of the Wealthiest Men in the State
Noted for His Benevolence and Kind-
ness—Loss to the Whole State.

Oshkosh, Wis., March 29.—[Special Telegram]—Ex-Senator Philetus Sawyer, died here early this morning. Stomach and kidney trouble was the primary cause. Sawyer was eighty-four years of age.

Mr. Sawyer died suddenly at the residence of his son Edgar, at 9:15 o'clock this morning. No one was in the room

HON. PHILETUS SAWYER.
with Mr. Sawyer except his grand-daughter-in-law, Mrs. Phil. Sawyer. Just three minutes before death came Edgar had left the room. The senator was in bed.

Oshkosh, Wis., March 29.—Former Senator Philetus Sawyer is ill and his condition is sufficiently serious to cause alarm. He is suffering from a complication of troubles, that, starting with the stomach, now involves the kidneys. He is 84 years old, and about three months ago underwent an operation for ulceration of the neck. He then recovered and seemed to have obtained a new lease of life.

Philetus Sawyer of Oshkosh was born at Whiting, Vermont, September 22, 1816; received a public school and business education; came to Wisconsin in 1847 and engaged in the lumber business; was a member of the legislature in 1857 and 1861; was mayor of Oshkosh in 1863 and 1864; was elected to the thirty-ninth, fortieth, forty-first, forty-second and forty-third congresses; was a delegate to the Republican national convention at Chicago in June 1880; was elected United States senator January 26, 1881, as a Republican, to succeed Angus Cameron, receiving 98 votes in joint legislative convention against 59 for James T. Jenkins, Democrat, 1 for C. D. Parker, Democrat, and 2 for C. C. Washburn, Republican. His term of office expired March 4, 1887.

Committed an Ethical Crime.
Milwaukee March 29.—There is considerable stir in local medical circles over the expulsion of Dr. Franklin J. Tower by the Milwaukee Medical Society. The expulsion took place at a recent meeting of the society by a three-fourths vote of those present. The doctor committed the ethical crime of sending to physicians a book containing a recommendation of goat serum for various ills. This was deemed unprofessional and the expulsion followed.

Appleton's New Public Library.
Appleton, Wis., March 29.—The dedication of the new public library building was well attended yesterday afternoon by a large concourse of people from this and neighboring cities. The commodious library room presented a most attractive appearance, being decorated with pictures and potted plants. The shelving and ceiling beams are finished in paneled oak, finely finished, and six massive pillars support the roof.

Clear Field for Babcock.
Baraboo, Wis., March 29.—F. D. Hurlburt of Reedsburg, Sauk county's candidate for congress for the Third district, has announced his withdrawal from the race, which practically leaves a clear field for Mr. Babcock.

Rev. George F. Ayers, Ph. D., of Poplar Bluff, Missouri, is expected to fill the Presbyterian pulpit next Sunday.

HORTON PRIZE FIGHT LAW KNOCKED OUT

Consternation in Pugilistic Circles in the
East When Managers and Fighters
are Informed.

New York, March 29.—There is weeping and wailing in the Tenderloin district today. The fighting game is almost over and the managers, fighters, challengers and talkers—the last named being in the majority—are in despair. The Horton law was killed today at Albany, and in its place comes on Sept. 1, the new Lewis law which puts a stop to the slugging game in New York.

All the plans went wrong at the minute. All the "pull" that was being developed to kill the substitute measure became weak, and to the complete surprise of everybody the fighters were knocked out before they had been given time to take a good hold on the legislators and force them to drop the Lewis measure.

But it is a long time between now and the first of September. There are several nights and days. There are also many sluggers in town and many a manager who is able, as of yore, to hoodwink the public. Every man who can be forced into a ring will be matched right off and a high carnival of slugging is threatened to be pulled off before it is everlastingly too late.

ans Ask for Outside Inter-
ference.

Russia has demanded permission to land troops at Masampo. The visit of the Russian fleet to Korea is for the purpose of intimidating the government.

MANY VISITING ODD FELLOWS HERE

Thirty-Eight Came Down From Milton
Last Evening and Had a Most
Enjoyable Time.

Thirty-eight Odd Fellows from Milton were in the city last evening as guests of Wisconsin Lodge No. 14. The object of their visit was to inspect degree work as administered by the local order. The candidate was Harry Morse of this city. The program was a most interesting one to the visitors, and was carried out at East side Odd Fellows hall. Following the exercises the serving of an oyster supper took place in the dining hall. George Shurtliff was the caterer, and in his usually pleasing way served a repast fit for a king. At 11 o'clock the visitors returned home, highly pleased with their visit.

GEN. BOTHA WILL SUCCEED JOUBERT

PRESIDENT KRUGER MAY ALSO
TAKE TO THE FIELD.

Oom Paul Has Always Been a Fighting
Man and His Going to the Front
Will Arouse Great Enthusiasm in
the Transvaal—Funeral of General
Joubert.

Brussels, March 29.—The Petit Bleu publishes a dispatch from Pretoria stating that Gen. Botha will take supreme command of the Boer forces in succession to Commandant General Joubert.

Cape Town, March 29.—The Boer Executive Council now consists of Gen. Schalk Burger, Mr. Reitz and President Kruger, now that Commandant Kock and General Joubert are dead, General Cronje a prisoner and Walmarans a delegate to Europe.

General Louis Botha, now in Natal, will probably succeed to the active chief command of the Boer armies, as General Joubert's loss, it is expected, will stir up the younger burghers, who have always complained of Joubert's slowness and caution. Botha practically replaced him some time ago.

President Kruger himself, however, is likely to assume command. Though not a military tactician, "Oom" Paul has always been a fighting man. His going to the front is sure to evoke intense enthusiasm among the burghers. Another report is that Colonel De Villiers has been appointed commander on the foreign legion operating in the Orange Free State.

Funeral of General Joubert.

Pretoria, March 29.—Gen. Joubert's funeral will take place tomorrow. As Gen. Joubert always desired to be buried in the mausoleum built on his farm, it is uncertain whether the funeral will be a state one or not. The government is pleading with Mrs. Joubert to allow the body to be temporarily interred in the Pretoria churchyard.

Reports spread by the English that Gen. Joubert was wounded at Colenso are unfounded. It was Commandant Joubert who was wounded.

Gen. Joubert's successor in the chief command will most probably be Gen. Louis Botha, now commanding in Natal.

Botha was at Swartkop and Spion Kop when Buller came across the Tugela. Botha was in front of Ladysmith and Botha was fighting with a cunning which the conservative correspondents present say was unsurpassable. He covered the zone of fire in front of his line with English dead and wounded, and he brought off his guns and men every time a retreat or change was necessary.

Gen. Pietrus Jacobus Joubert, better known as Piet Joubert, or "Slip Piet" (Slip Peter), was born about sixty-eight years ago. He was descended from an old French Huguenot family which settled in South Africa many years ago. He was born in Cape Colony, but was taken by his parents, when seven years old, to the Orange Free State, where he was taught from early childhood to shoot straight and into the British. Among his expressions regarding the present war he is reported to have said: "You may take away our lives, but our independence never. We do not want war, but should all the world come and try to trample us down, then, even with only twenty men about me, I will fight the world entire—fight until I am free, or dead."

MRS. M'KINLEY IS ILL

Has Not Sufficiently Recovered From
the Grip to Sit Up and
May Go South.

Washington, March 29.—Mrs. McKinley is recovering very slowly from her attack of the grip. She had the dreaded epidemic in its most acute form, and as she has not been robust lately she is greatly debilitated by her sickness. She sat up for a short time yesterday but the exertion tried her strength so severely that Dr. Richey, her physician, advised complete rest for a few days longer.

The president would very much like to take Mrs. McKinley south, but at the present time it is impossible for him to leave his post. Mrs. McKinley is opposed to going without him, and in this lies the problem. A trip to Old Point Comfort for a few days is now under consideration.

FRENCH STEAMER GOES TO BOTTOM

Sunk Just Outside of the Port of Santo
Domingo—Many Lives Were
Lost.

Santo Domingo, March 29.—[Special Cablegram]—The French steamer Georges Croise, with eighty passengers and a large cargo of cattle, has gone to the bottom just outside of this port. It is believed that several lives are lost. The news was brought by the steamer New York, which rendered assistance to the Croise. The sunken vessel was bound for Cuba.

Dr. Leyds Is in the Dark.
Brussels, March 29.—Dr. Leyds, the diplomatic agent of the Transvaal, has returned from Paris. When questioned concerning the Transvaal mission which is now en route to Europe, Dr. Leyds said he regretted that he was not informed as to the existence of objects of the mission.

FILIPINO NATIVE TO RULE BATANES

COSTILLEJO GOVERNOR OF IS-
LANDS NORTH OF LUZON.

Stars and Stripes Raised at Calagan
and Formal Possession Taken in the
Name of the United States—Mañila
Railway Under Military Manage-
ment.

Washington, March 29.—Senator Teodoro Costillejo has been installed as the first American governor of the Batanes group and Calayan Island, the northernmost division of the Philippines archipelago. Senor Costillejo is a Filipino who resided in Aparri. He was taken to the Batanes and Calayan in the gunboat Princeton by Commander Knox, who raised the stars and stripes at Calayan and took formal possession of the island in the name of the United States. The inhabitants appeared to be much pleased and showed a loyal spirit. The Princeton then proceeded to San Domingo, the capital of the Batanes group. After the ceremonies of raising the American flag over the former Spanish government building and proclaiming the group under the jurisdiction of the United States, Senor Costillejo was installed as governor.

Under Military Management.

Washington, March 29.—The Manila-Dagupan railroad continues under military management. To do this army officers have been appointed to positions as officers of the road, and enlisted men are to be used to operate the rolling stock. The owners of the franchise have had several claims before the United States for subsidies, promised by the Spanish government when the road was built, but the legality of the claims has been opposed by the attorney general, and the owners do not seem desirous of running the road without the United States continuing a guaranty of a certain interest on the money invested. Rather than do this the military authorities will operate the line, and Gen. Otis has appointed Capt. William L. Sibert of the engineer corps as chief engineer and general manager.

Aguinaldo's Hope Is in Bryan.

Lincoln, Neb., March 29.—Capt. J. H. Culver of the Thirty-third regiment, just arrived home from the Philippines on leave, says that the insurgent army has been dislodged in every locality, but, under orders of Aguinaldo, has been divided into small bands, to carry on a bushwhacking campaign until after the next election, when they expect Bryan, whom they look upon as a friend, to be elected.

TREMENDOUS TASK OF TAKING CENSUS

Actuary of the Treasury Estimates the
Population of the U. S. at About
74,000,000.

Washington, March 29.—June 1, 1900, the tremendous task of taking the national census commences. In the cities the work of enumeration must be completed within two weeks after that date. In the counties and remote areas of population four weeks will be allowed. Director Merriam is a keen, progressive business man of Minnesota. He believes and has so instructed the subordinates throughout the United States that the enumeration may cost less in 1900 than it did in 1890, and that the totals of population may be ascertained much earlier than they were ten years ago.

He wishes that the census taking shall be a business undertaking, and for this reason many of the cumbersome scientific features of 1890 will be dropped. Enumerators will not inquire as to the prevalence of scrofulous diseases, nor bubonic complaints, nor as to insanity, nor as to past penitentiary records and the like.

The census of 1790, thirteen years before the Louisiana purchase and but three years after the acquisition of the Northwest territory, cost a little more than \$52,000, while that of 1900 will aggregate at least \$10,000,000, or over a million dollars less than the one in 1890. But the population of 1790 was not quite 4,000,000, and that of this last year of the nineteenth century is at least 75,000,000.

The actuary of the treasury estimated on July 1, 1898, that the population of the United States at that date was 74,389,000. On the basis of the accuracy of that compilation and the normal increase in population since then, it should be returned next summer at about 76,000,000. The minimum estimate is 75,000,000 and the maximum 78,000,000.

The average increase of population by decades since 1790 has been 28 per cent. If this average has been maintained, 1890 and 1900 the total population June 1 will be greater than 79,000,000. But the Washington experts contend that this average has not been maintained and that the average in proportion to the whole population of today is not as great as it was up to ten years ago. The census bureau does not pretend to predict the outcome. It will deal only with facts.

CONVENTION AT DAVIDSON

Place of Holding Republican State Con-
vention on April 25.

Milwaukee, March 29.—Arrangements have been made for the Davidson theater as the place for holding the republican state convention, which meets in this city April 25 for the purpose of electing four delegates-at-large to the national republican convention, and to nominate twelve presidential electors to be voted for in November. The state convention will be composed of 1,067 delegates, which will fill the lower floor of the theater, and the visitors will have to be content with seats in the galleries. Col. Harry S. Fuller has been selected for sergeant-at-arms.

DESPERATE EFFORT TO TAKE MAFEKING

Tremendous Bombardment of the Be-
sieged Town From All Sides—On
to Pretoria Now—Gen. Roberts
Making Preparations to Start North
From Bloemfontein.

London, March 29.—[Special Cablegram]—Gen. Roberts cables the war office under Wednesday's date that Clements has occupied Faursmith, southwest of Bloemfontein. Two cannon were found in a mining shaft, where quantities of ammunition were also buried. Arms are being surrendered gradually and the inhabitants are settling down.

Col. Filcher while leaving Ladybrand on March 26 was attacked and lost five men in a skirmish north of the Modder river March 25th. Eight were wounded and six captured.

The latest reports from Mafeking are to the effect that the town is being shelled by all the Boer guns. This is supposed to be the last desperate effort of the burghers to take the place. Failing this time it is believed they will withdraw towards the north.

Bombardment of Mafeking.

Pretoria, March 29.—Via Lourenço Marques, March 29.—A tremendous bombardment was opened on Mafeking from all sides at daybreak yesterday. It is meeting with a spirited response. The Northern Free State commandos have reached Winburg.

The report of the British occupation of Ladybrand is confirmed.

Michael Davitt, the Irish nationalist, arrived here last night. He had an interview with President Kruger today.

Mr. Adelbert S. Hay, the American consul here, is visiting the Boer laager at Kroonstad.

The government has exchanged £500,000 of bar gold for coins from the banks.

State Secretary Reitz of the Transvaal, in presenting a flag to the artillery on March 24, made a speech, in which he said the situation was hopeful. He declared that the two republics were not fighting for any other final object than the maintenance of the national independence of a free people.

A dispatch from Rustenberg, dated March 28, states that the Kafirs who have been raiding on the northwestern border of the Transvaal have been driven back. They have now retired across the border.

A dispatch from Fourteen Streams, dated March 25, says, the last pontoon across the Vaal river at that point was destroyed yesterday.

Roberts Will Move North.

London, March 29.—From Pretoria comes the news that Mafeking is under a heavy bombardment.

With the news of the death of the Boer commander-in-chief comes the announcement that Lord Roberts has begun his long expected movement northward from Bloemfontein. Ten thousand troops, including the Grenadier and Coldstream guards, the Gordon Highlanders and the cavalry brigade, moved ten miles north of Bloemfontein on Sunday and Monday, and they will doubtless be followed by larger bodies of infantry and artillery. In other ways, too, the period of inaction at Bloemfontein is apparently coming to an end. The transports and stores are being collected at the rail head. The men are in grand condition and the horses are picking up wonderfully. Gen. Buller's preparations for a further advance in Natal are also nearly complete.

From Pretoria, too, comes the news that Mafeking was heavily bombarded on Monday, March 23. This is good proof that Baden-Powell's garrison was safe three days ago.

FRENCH CABINET PASSING A CRISIS

Paris, March 29.—[Special Cablegram]—There are persistent rumors in ministerial circles. The opposition is making a desperate attempt to unseat the cabinet before the exposition opens.

MR. BEVERIDGE ON PORTO RICO BILL

Another Great Speech by
the Indiana Senator in
Senate Today.

HOLDS FOR FREE TRADE

He Believes That Porto Ricans
Should be Treated as
American Citizens.

The Issues Involved Determine the
Power of Congress Over the Island—
We Have the Greatest Opportunity
and the Greatest Duty With Which
Fortune Ever Blessed This Great
Nation—We May Demand and
Compel the Peace of the World.

Washington, March 29.—[Special Telegram]—The senate today adopted the conference report on the diplomatic and consular appropriation bill. Senator Proctor gave way to Senator Beveridge who spoke on the Porto Rican bill. He said in part:

"The issue joined in this debate involves the powers of congress over the islands and the peoples which providence has placed in our keeping, and therefore the expediency of retaining them. It involves the power and progress of the republic throughout all its future. For if congress has not a free hand to deal with these islands as their different conditions and changing needs demand, it is not only inexpedient, but it may be impossible to hold them."

"To treat Porto Rico as we treat Hawaii, and to deal with the latter as we deal with the Philippines, and to apply to all without delay the same fixed formula of laws which custom and the intention of statehood has prescribed for our territories from which our states are formed, is a proposition as mad as it is novel."

"Mr. President and Senators, the great movement on which the American people have embarked is a movement of conscience as well as of commerce. It touches the shores of every sea. It affects the welfare of all humanity. Provincial economists must not delay it. Antiquated legislation devised for past conditions must not weaken its force and pervert its meaning. Selfish interests must not misdirect this tremendous development of the American people. Obstructing partisanship must not capture for its uses a single shining principle of statesmanship which belongs to that mighty movement alone."

"WE GO FORTH UPON A WORLD CAREER. WE MUST HAVE A WORLD STATESMANSHIP; a statesmanship that considers the effect of every law we pass upon the people over whom our influence is extending and upon the world at large, as well as upon ourselves. Our power is accursed if it be not exercised in righteousness. Our dominion is mockery if it means not noble and ennobling influences wherever it extends. We can not begin our civil work as an administering people by measures admitted to be of no practical value to ourselves, and certain to sow distrust in the hearts where faith in us has flourished."

"It is not the statesmanship of our sovereign situation to so ruin our relations with the only island that welcomed us. The economic results of any tax or tariff on Porto Rico are of little consequence; but the manner and motives of our first act as a governing nation passes in importance subsequent laws which in themselves will be weightier far than this."

"We have the greatest opportunity, the greatest duty, with which fortune ever blessed its most favored nation. Events have placed us in positions of command over the Pacific. They key to the commerce of the east is in our hands. We are the warden of the gates of the gulf. With the canal a completed work, we control the chosen and the natural highways of the commerce of mankind more than any power than England."

"More than any people of history, events are placing us where we may command and compel the peace of the world. Porto Rico, Cuba, the Canal, Hawaii, the Philippines make us literally the sovereign power among the nations. I say make us the master people of the world, for I never will believe that we will surrender our possessions to others, because we can not invent sane and appropriate methods for their government and control."

"I will never believe that our constitution manacles our hands and narrows our vision and numbs our brain. I will never admit that our constitution is such a charter of death. I will never admit that our fathers, those master minds of history's most expanding and administering race, so anchored us within a narrow and a stagnant harbor when the high seas call us, their islands are ours, and the inhabitants thereof need our guiding, restraining and uplifting hand to regenerate, to civilize, and to redeem them."

MILTON JUNCTION NEWS AND GOSSIP

GOOD DEAL OF MOVING THE FIRST OF APRIL.

Mr. and Mrs. J. G. Carr Have a Family Gathering—Revival Meetings at the M. E. Church—Shadel-Capman Marriage—Play Given by the I. O. G. T.—News Notes.

Milton Junction, March 29.—There will be a good deal of moving around in town the first of April. Mr. Lackner of Indian Ford has bought the Davis house occupied by Mrs. Marshall Corwall. Mrs. Kate Mills and daughter-in-law will occupy Fred Burdick's house. Elmar Barnes and family will occupy part of Nettie Coon's house. Frank Gray is moving into his father-in-law's, H. C. Miner's residence. Elmer Brown and family will occupy the house at the "Y." Other changes will also take place.

W. C. King, of Springfield, Mass., visited his father, Sol. Carr, a couple of days last week.

The Misses Scofield of Janesville, visited Mrs. Ray Cole of this place the past week.

Mr. and Mrs. J. G. Carr had a family gathering at their home last week to celebrate Mr. Carr's birthday. Their children were all present but one, Fred, who resides in Wood county.

The revival meetings continue at the M. E. church several evenings in the week.

Mr. Will Shadle and Miss Ethel Capman were married last Wednesday evening. Some of their friends tried to exhibit their lack of good sense by firing guns and otherwise making a noise to celebrate the event. The young couple belong to highly respectable families start out in life with the best wishes of the community.

Miss Polly Chamberlain, who has been teaching at Pottsville this winter, is at home for a short vacation.

Mr. and Mrs. E. E. Coon attended the Sub. Dist. session of the I. O. G. T. at Edgerton last Tuesday and visited at Dr. Geo. Crosby's at Albion Wednesday.

Mr. Charley Cattle of Chicago is visiting at Clinton Chamberlain's.

Mr. and Mrs. B. Kuth are now settled in a part of Dena Butts' house.

The concert at the S. D. B. church by the Milton quartette was fine and deserving of a larger audience. The money obtained goes into evangelistic work during the vacation.

H. E. Miner started for Rhode Island Tuesday, where he has charge of a large farm. Mrs. Miner will follow in a few days.

If people would not believe every report they hear without investigation they would not always get so badly fooled as they do sometimes. The reported wedding of a couple of young people here in town last week turned out to be a "fake."

Mrs. Oviatt has rented part of her house to Homer Stone and will with her daughter for the present.

Ezra Davey will occupy the house belonging to Chambers and Owen on the west side, after the first of April.

The Collins Comedy company got "stranded" at West Salem, this state. This company started from this town with three young men who resided here and two young ladies from Milwaukee.

Mr. and Mrs. George Sholes are the parents of a baby daughter.

Mr. Reed of Prescott, Wis., traveling agent for the I. O. G. T. Insurance Benefit Association, spent a day or two in town the past week. He took quite a number of applications.

Frank Shadle is preparing to build a house on the lot recently purchased by him of Deacon Rogers. He has one of the finest locations in town.

Mr. Emerson has concluded to stay in town and run the meat market, on Merchants' Row.

Mrs. Schlim went to Stoughton on business Wednesday. They expect to move soon into George Hassinger's house formerly occupied by Mr. Sullivan.

Harold Burdick and wife expect to move to Chicago the first of April to work for the Ruger Manufacturing Co., who will move their plant from this town to that city. Lester Davis also expects to work there but his family will remain here.

The play given by the members of the I. O. G. T. last Wednesday night was a good one, and well rendered. From the fact of its being a temperance

play, it did not draw the crowd that one of a lower tone would have done. Still the attendance was good considering all things. We heard a gentleman of much travel and experience in such things say that he never saw or heard a local play by an amateur company, given any better than that was given. They will repeat the play at Albion in the near future.

SOCIAL EVENTS WERE NUMEROUS

T. D. Donnelly was master of ceremonies. The program opened with an original poem by Mrs. Alice E. Mason. Among those who took part in the musical and literary program were Miss Kittie Lea, Miss Edith Morse, County Clerk F. P. Starr, Miss Gertrude Masterson, George Rathjen, Oscar Mable, Miss Lottie Pabst, Miss Gertrude Conley, Miss Laura Clark and Mrs. Lyman Morse. Several tableaux were given. Congregational Church. At the Congregational church parlors last evening a most enjoyable social was held. Dr. L. C. Hedges presided over the program which opened with a piano duet by Mrs. W. T. Sherer and Mrs. F. E. Lewis. Miss Alice Farnsworth recited, "A Practical Regeneration," Prof. W. F. Gaskins sang a solo accompanied on the piano by Mrs. C. L. Clark. Leo Lange, State School for the Blind, faultlessly rendered a violin solo. Mrs. O. H. Brand gave a recitation on the program closed with a vocal duet "Come With Me" rendered by Miss Mary Wilcox and Mrs. C. Hedges. Refreshments were then in order followed by an informal good time.

Friendship Social. Many joined in a friendship social last evening at the parlors of the Baptist church. The affair was in honor of new members of the church received during the present pastorate. A musical and literary program was given participated in by Miss Elizabeth Palmer, Mrs. M. O. Mount, Miss Sarah Granger and Miss May Huntress. A collection of Florida souvenirs the property of Fred J. Bailey was placed on exhibition and proved most interesting. Light refreshments were served and the evening proved one long to be remembered.

AMUSEMENT NOTES. The famous organization known as Richards & Pringle's-Rusco & Holland's Big Minstrel Festival will be seen at Myers opera house tonight. All the brains, energy and long experience with this style of attraction can do, has been done to make this the crowning effort of many a successful year. While most minstrel organizations boast of the services of one famous well known comedian, this one claims four and four big ones. Billy Kersands, the unapproachable; John Rucker, the most original of all comedians, known as the Alabama Blossom; Bobby Kemp, the singing comedian and producer of the big song and dance novelties; Harry Fidler, the noted mimic in a collection of new caricatures. The production this year abounds in a host of new and startling features.

DeKoven & Smith's picturesque comic opera "The Highwayman" will be presented by the Broadway Opera company at the Myers Grand tomorrow night. There are thousands of theatre-goers who have never heard it and who will be glad of the opportunity thus afforded. Its pretty music is becoming as popular as the melodious strains of its older brother, "Robin Hood," by the same composer and author, DeKoven & Smith. Its romantic story in which a young court beauty disguises as the highwayman and holds up a stage coach in full view of the audience, as the posters flaringly announce, furnishes one of the most novel episodes that has been written for Lyric drama. The comic characters of "Foxy Quiller," the astute detective, Toby Winkle; the "ostler of the Cat and Fiddle Inn," and Doll Primrose, the bar maid, have endeared themselves to lovers of pure wholesome fun. The lavish outlay of scenery, costumes and effects that have beautified the three acts of the opera will be displayed. The company is a large one and has the reputation of being an unusually strong vocal organization. It is promised that there will be many attractive girls to add charm to the scenes of old English life depicted in the three acts. The engagement promises to be a very successful one.

ATHLETIC CONTEST PROVED EXCITING

LARGE AUDIENCE ASSEMBLED AT HIGH SCHOOL.

Each and Every Event Was of Special Interest—The Girls Played Basket Ball—Wrestling Matches Were a Feature With the Boys—Proved a Success.

ARMY TRANSPORT SERVICE.

Newspaper Account of Transport Summarizes Congressmen.

Washington, March 29.—The house, in committee of the whole on Wednesday, resumed the consideration of the army appropriation bill. In connection with the discussion of items for the quartermaster-general's office, Mr. Driggs (dem., N. Y.) vigorously criticized the policy which at present spent as much as a quarter million on the equipment of army transports, when soldiers, during the war with Spain, were carried to and from their destination in vessels that were a disgrace to the service. Responding to Mr. Driggs Mr. Hull said that when the war broke out the government had to take the best ships it could find for transports, and their condition justified some of the criticism regarding them. But now the government had organized the best transport service in the world.

It provides that, subject only to such general limitations as may be necessary to exempt navigation from artificial obstruction, all land and shoal water below mean high tide on the shores, bays and inlets of Behring sea within the jurisdiction of the United States shall be subject to exploration for gold and other precious metals by citizens of the United States, or persons who have legally declared their intentions to become such, and that all permits heretofore granted authorizing any person or persons, corporation or company, to excavate or mine under any of said waters are hereby revoked and declared null and void.

BISHOP POTTER BLAMES FRIARS

Filipinos, He Claims, Are Kept in Poverty by Extortion.

New York, March 29.—It was as a representative of the joint commission on the increased responsibilities of the church of which Bishop Potter is a member that he made the tour of the world, from which he has just returned. A partial report of the condition of affairs as found in the Philippines by Bishop Potter and his chaplain, the Rev. Percy S. Grant, who accompanied him, blames the friars for the impoverishment of the Filipinos, and ascribes the reluctance of the latter to accept American rule to their fear of the reinstatement of the former in power.

Stirring Drama of the Strike.

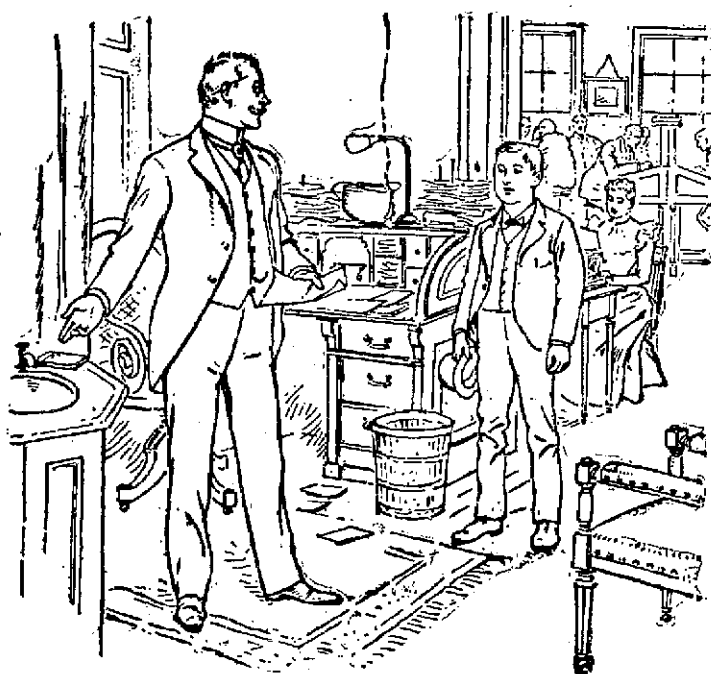

Chicago, March 29.—The power of melodrama as a moral aid in a public cause is again to be tried on the Chicago public within a few days by the striking machinists of the city. "Who Shall Serve?" a labor drama in four acts, is to be presented for one month under the management of district lodge No. 8 of the International Association of Machinists. The author of the play, Stuart Reid of New York, general organizer of the machinists' union, will superintend the production, for which a company of professional players is being engaged. A similar attempt to use the stage was made some three years ago, in behalf of "16 to 1," under the auspices, or at any rate the patronage, as was given out by the management, of the democratic national committee.

Union Men Gain Their Point.

Chicago, March 29.—The threatened strike of the union patternmakers in this city has been averted by the signing on the part of the twenty job-shop proprietors of the agreement presented by the patternmakers' association at a conference at the Sherman house Wednesday night. The agreement insures the nine-hour day, with existing wages, recognition of the union, and a minimum rate per hour.

Did Not Know He Was Married.

Chicago, March 29.—John Ryan, 4327 Halsted street, is surprised to learn that he is married. He was arrested while at work in the Rock Island shops on Wednesday on the charge of abandonment. Ryan protested to Justice Fitzgerald Wednesday when arraigned in court that he was not married. Mrs. Annie Ryan, the complainant, asserted

If your hands are rough, hard or chapped from the repeated washings necessary to keep them free from the office dirt, examine carefully the soap you use. If it is a cheap toilet soap, you will find that it is greasy, acrid and irritating.

Ivory Soap makes a profuse lather that removes the dirt and rinses easily, leaving the skin soft and clean.

If your office force is large there are two considerations that will recommend Ivory Soap to you. It is quick in action, saving time; and is inexpensive.

Send the office boy for some and try it.

In positive tones that he was; that she was his wife, and that she ought to know. "I'm only her boarder, judge," said Ryan, "but if you say we're married, your honor, I guess we'd better go home Annie," said Ryan to his wife, and the two left the courtroom together.

Krueger Found Guilty of Murder.

Waukegan, Ill., March 29.—The Krueger murder trial ended Wednesday when the jury found him guilty and fixed his punishment at imprisonment for life. July 16 last Mrs. George Krueger and her mother, Mrs. Voss, were found lying dead at their home at Long Grove, each shot in the head. He has all along maintained his innocence.

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises

"Thy meats be delicate and dairy fed,
Tender nor highly spiced thy food."
That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."

DEMOCRATIC HARMONY

The "get together" democrats are having a warm time of it these days.

The Watertown Times and The Milwaukee Journal have been "getting together" in a discussion as to whether or not Vilas and Wall should be allowed to have anything to say in the future.

The Journal says they should, but The Times says "nay" in this wise:

Democrats of this city are not in favor of Mr. Vilas. A few, possibly half a dozen, might be found willing to do him honor, but scarcely more. The Journal must not forget that a few "leaders" do not constitute the democratic party, as the vote of Palmer and Buckner in 1896 (1,384) clearly demonstrates. The revolt was led by Vilas and a few other "eminent" democrats, who utterly failed to stampede the people into voting against a principle which they believed to be right. The "leader" has had his say, and now he can take a long-earned rest.

The Times is for "the party" without any reference to the principles. The name is what counts, not the platform.

There was a time when the word "democracy" stood for something beside a mere collection of letters, but that day has passed. A few gold [real] democrats still express the hope that the situation will change, but the Bryan men are in the saddle, and until they are dislodged—if they ever are—the gold men must remain on the outside of the enclosure. The Milwaukee Journal wastes its time when it discusses democracy's future with organs that place a party name above a party principle. "There are none so blind as those who will not see."

Marshall P. Richardson, the republican candidate for city attorney has had extensive experience as a trial lawyer and his brother attorneys all rate his abilities very highly. He is naturally of a studious disposition and a judicial turn of mind, and questions of law that are referred to him are always exhaustively investigated and carefully studied. Hence, his opinions are reliable. In the criminal, as in the civil courts, Mr. Richardson has been successful, and in both temperament and professional equipment, he is admirably qualified for the place. The republican ticket should be voted straight. Messrs. Fathers, Richardson, Jeffers and Earle are all good men.

The Milwaukee Sentinel's list of cities and their population placed Janesville in fourteenth place, and some of the other towns are crowding about it. This reminds us of the story of the lion who was ridiculed by the jackal, because the jackal had seven cubs while the lion had but one. The lion listened in silence, but answered with fine scorn: "True, you have seven, but they are jackals, while my one is a LION!"

The papers announce a cut in the telephone rates at Chicago, and say that hereafter the rate will be "only \$100 per year." Think of that, ye Janesville people "only \$100!"

The Milwaukee Evening Wisconsin's political reporter says Senator White-

head will be an "important factor in the republican convention" and puts emphasis upon the fact that he is "a man upon whom all republicans can unite," without fear or favor of either faction. The Wisconsin man states the case well.

Ten millionaire stone contractors in Chicago put on their overalls and took the mallet and chisel in hand to help another millionaire contractor fill one of his contracts. The strike had tied up all the yards, but the stone will be ready for the building, on time, just the same.

Rock country's good soldier, Capt. Tom J. Rogers of Beloit, is winning laurels in the Philippines. Wisconsin National Guardsmen have always recognized Captain Rogers' ability, and his retention at the regular army is predicted.

Judge Philo A. Orton, of Darlington, declines to be a candidate for the place of delegate at large to the Republican National Convention on the ground that business engagements will prevent his attending.

However, the contradictory stories about the Macrum case served to remind the people that Macrum still lives—a fact that had generally slipped the public mind.

Do not "scratch your ticket." "Bolting" will not improve the public service, although it will serve democracy's ends.

Vote the straight ticket. Do not lend aid and encouragement to democracy.

AMERICAN LOOKING GLASSES

This Country Now Imports but Few Mirrors and Trade Is Increasing.

Most of the "french" mirrors bought in the United States today are made here. Very little looking glass is imported now compared to a decade ago.

The tables are gradually turning. The European nations do not see themselves in American mirrors, but the Central and South Americans are very partial to the America looking glasses, and this country is doing a large export business to that quarter.

Pennsylvania and Indiana furnish most of the glass which is turned into American mirrors at present, but plate glass factories that can turn out a quality of glass suitable for the use of mirror manufacturers are springing up very rapidly in several of the eastern states.

The American glassmakers have finally succeeded in turning out a superior quality of clear white glass which makes as fine mirrors as can be bought in any part of the world.

The leading looking glass makers have found this out and they import very little glass for their use. Not more than one-tenth of the mirrors made in this country last year were made of imported glass, whereas a few years ago nearly all the American mirror-makers were compelled to go abroad for their glass.

In the matter of frames, the American mirrors are now put up quite as richly as any of the foreign creations. The multiple mirror, in which one can see one's image from all sides and angles, is strictly an American creation, and has proved a big success with merchants, especially clothiers and ladies' furnishers. As for size, larger mirrors are made in this country today than were ever attempted in Europe.—New York Times.

SAY ALL CAN UNITE ON MR. WHITEHEAD

MILWAUKEE WISCONSIN'S IDEA
AS TO HIS CHANCES.

Says His Candidacy for Governor is
Causing Much Discussion—Is Con-
nected With No Faction, and There-
fore State Politicians Say He is
Looked Upon as a Peace Candidate.

Senator Whitehead's candidacy con-
tinues to be discussed favorably all over
the state. The Milwaukee Evening Wis-
consin last evening gave him the follow-
ing kindly notice:

"The candidacy of Senator White-
head for the republican nomination for
governor has attracted a great deal of
interest and attention throughout the
state and is much talked of by politicians
who visit Milwaukee. It is believed
already that he will be an important
factor in the republican convention for
nomination of state officers, as many be-
lieve he will have the solid delegation
from the First district which would give
him 112 votes to start with if the ap-
portionment of delegates is the same, as it
was at the last convention and it cannot
well be otherwise. The reason why
Senator Whitehead's candidacy is looked
upon with considerable favor in many
sections of the state, say the
visiting politicians who drop in
at the Hotel Pfister from
day to day, is that he is regarded as a
man who is not particularly identified
with either faction of the republican
party and who is consequently one of
the men that the stalwarts and the La
Follette people might easily unite upon,
and also because he is looked upon as a
man who is able, conscientious and up-
right. All over the state many people
look upon him as a peace candidate, a
man upon whom all republicans could
unite. Senator Whitehead's record in
the state legislature is considered greatly
to his credit."

District's Claim Good
Clinton Herald, Rep.—State Senator
John M. Whitehead of Janesville, has
finally concluded to allow his name to be
used as a candidate for governor. Every-
body knows he is a good man, well
qualified for the position, and the First
district is certainly entitled to a good
place upon the state ticket.

Should Unite on Mr. Whitehead
Watertown Republican—The an-
nouncement of State Senator John M.
Whitehead's candidacy for the republi-
can gubernatorial nomination, brings to
the front a man whom it seems to us
combines all the qualifications needed in a
chief executive. If true merit and
ability are what the party is looking for,
Mr. Whitehead should be nominated. His
political experience thus far has
shown him to be all that could be de-
sired. The factions of the party would
unite under his leadership.

EMMA CAMPBELL PLEADS FOR BOYS

Inform Officer Kenyon and Judge Sale
That With Their Consent She Could
Bring About a Release.

Mrs. Emma Campbell of this city is
making every effort these days to regain
her two sons sent to the school for boys
at Sparta. The boys are seven and nine
years of age and were sent to the
Sparta school because their mother was
unable to give them the proper care.
Since their confinement Mrs. Campbell
has lost no time in trying to bring about
their release. She now alleges that she
has received a letter from the Sparta
school officials to the effect that if Mrs.
Campbell gets the consent of Judge Sale
and Officer Kenyon the boys will be re-
leased. This consent Mrs. Campbell
will be unable to secure. The general
opinion is that the boys are much bet-
ter off in the Sparta school.

PERFORMANCE DID NOT PLEASE

Too Much Horse Play in the "Next Door"
Show Last Evening.

At the Myers Grand last evening a
small audience assembled and spent
two and one-half hours of misery wit-
nessing Brothers Royer in "Next Door."
The play from start to finish was one of
those kind boys read about in the pink
books that make a specialty of wild
stories. It was horse play from
early till the fall of the curtain. The
cow boy villain killed a man every eight
seconds. But this wouldn't have been so
bad if the cruel cow boy had used smoke-
less powder. And then too, they killed
the same man in the first and third
acts.

This also made it bad not only for the
dead man but for the audience as well.
The acrobatic and contortion work was
good and received liberal and well
merited applause. The last act was a
fire scene in which the angry flames
were extinguished by the liberal use of
revolvers and tin cans. The company
departed this morning feeling none
the worse for their terrible experience.

MAY REMOVE LINE IN FOREST PARK

NEVER BEEN MONEY MAKER
FOR COMPANY.

Certain Women Residents of Forest
Park Said to Have Threatened to
Boycott the Line—Displeased Over
Shut Down During the Winter—
Supt. Hurd Talks Extension.

Residents of Forest Park may
awaken some of these bright mornings
to find that workmen are removing the
tracks of the Janesville Street Railway
company running into the park. Stock-
holders and directors are anything but
pleased over the way the line into Forest
Park is paying these days. They claim
that this entire branch of the line never
was a paying investment and that if the
line was taken up and placed in another
part of the city it would be a much bet-
ter paying investment.

Women Talk Boycott

Supt. Hurd when seen by a Gazette
representative this noon stated that he
had been informed that certain women
residents of Forest Park were anything
but pleased at the line shutting down at
times and that in order to show their
displeasure they intended to boycott the
line.

"There is one thing sure we are not
running the Forest Park line for
charity," said Supt. Hurd. "It does
not pay I don't see any other way than
to remove the tracks."

Denies Extension

During the past few days certain men
interested in the road have made state-
ments to the effect that the line would
be constructed from the corner of Mil-
waukee and Academy streets down
Academy street to Western avenue, then
along Center avenue over the Monterey
bridge, down Eastern avenue, connec-
tion, making a loop. A branch line has
been also talked from the Monterey
bridge to the State School for the Blind.
To this report Superintendent Hurd
said:

"I know nothing of any such exten-
sions this summer, and if anyone is in a
position to know about such change I
think that I am. Stockholders here have
but little to say in this matter, and are
not in a position to make any such
statements."

Looking for a Powder.

France, Germany and the United
States are endeavoring to secure a
stable and safe powder that will at the
same time give low pressure and high
velocity. England has contented her-
self with the use of cordite. Ordnance
officers agree that cordite is a very
suitable powder, but it has one defect—
guns from which cordite is fired
quickly erode, and the heat is so in-
tense that the life of the gun is con-
siderably lessened.

GOLF CLUB MEMBERS WILL GIVE OPERA

AT MYERS GRAND DURING THE
MONTH OF JUNE.

Will in All Probability Be the Chimes of
Normandy—Club Appoints Commit-
tees—Will Run Bus From the Street
Car Line to the Grounds Commenc-
ing About May 1.

Members of the Mississippi Golf club
will give a two nights' home entertain-
ment at the Myers Grand opera house
about June 20. An opera will be given
under the able leadership of A. L.
Baker of Chicago. As yet no special
opera has been decided on but many
members of the club favor the Chimes
of Normandy.

The piece will be elaborately staged
and costumed and will undoubtedly
prove a success.

At a recent meeting of the board of
directors of the club it was decided to
purchase a team of horses and a bus.
After May 1, and probably before if the
weather allows, this bus will be in op-
eration every afternoon after 1 o'clock
running from the street car line near-
est the grounds to the club house. The fare
will be ten cents for the round trip. A
committee consisting of Alderman F. E.
Fisfield, H. H. McKinney and Al.
Schaller was appointed to look after the
grounds for the ensuing year. The fol-
lowing committee was also appointed as a
house committee: Mrs. H. G. Carter,
Mrs. W. A. Jackson, Miss Agnes Shum-
way, George M. McKee, M. O. Mount
and C. L. Fisfield.

Bumpers of Freight Cars in the
Local Railroad Yards.

While coupling freight cars in the
local yards of the Chicago, Milwaukee &
St. Paul railroad company George Hiller
was badly injured at 4 o'clock yesterday
afternoon. He caught his right hand
between the heavy bumpers badly crush-
ing and cutting it. Dr. Joe Whiting
found no bones broken. The ligaments
were badly torn and the fingers cut and
bruised. Mr. Hiller resides on Linden
avenue. Amputation of the fingers will
not be necessary.

MRS. M'KINLEY'S ILLNESS.

Has Not Recovered From the Grip—
May Go South.

Washington, March 29.—Mrs. Mc-
Kinley is recovering very slowly from
her attack of the grip. She had the
dreaded epidemic in its most acute
form, and as she has not been robust
lately she is greatly enfeebled by her
sickness. She sat up for a short time
Tuesday, but the exertion, tried her
strength. The president would very
much like to take Mrs. McKinley
south, but at the present time it is im-
possible to leave his post. Mrs. Mc-
Kinley is opposed to going without
him, and in this lies the problem. A
trip to Old Point Comfort for a few
days is now under consideration.

to visit his grandchildren. He ex-
pects to leave for Chicago about April

CHURCH UNION PLAN HAS BEEN ENDORSED

LOCAL METHODIST SOCIETIES
CONCLUDE TO COMBINE.

Quarterly Conferences of Court Street
and First Churches Seem to Be
Unanimous on the Matter—Com-
mittees Appointed to Prepare a Plan
for Consolidation.

Janesville Methodists have caught the
spirit of the times and are going to con-
solidate. They have come to the con-
clusion that the good work that they are
engaged in can be better advanced and
conducted by a united effort with one
big, strong society than by two weak
ones. Becoming convinced of this fact
the members of the Court Street and
First churches set on foot a movement
to accomplish a union. The results so
far are most satisfactory to the unionists
and there is no doubt about the out-
come.

The quarterly conference of the Court
Street church was held last night and
the sentiment seemed to be unanimous
for the consolidation of the two societies.

A committee of six from each church
has been appointed to take charge of the
union preliminaries and to arrange a
plan to carry out the details. The com-
mittees are as follows:

First church: A. Crawford, A. W. Hall,
W. J. Cannon, W. J. Knights, W. I.
Rothermel, Chas. Dixon.

Court Street church: W. J. McIntyre,
W. G. Palmer, S. C. Burnham, S. T.
Conant, H. F. Bliss, W. W. Emmons.

These two committees will meet to-
morrow night, and will prepare a plan to
accomplish the combination. This plan
will be submitted to the quarterly con-
ference of each church for adoption, and
then also to a joint quarterly conference
meeting. The two pastors and the pre-
siding elder are ex officio members
of this joint committee.

It will be observed by these proceed-
ings that no time is to be lost in the
union program. Revs. Hall and Wood-
side are enthusiastic over the project,
and are giving it all the encouragement
possible. It is their intention to begin
union services at once. Sunday evening
services, prayer meetings, Epworth
League, educational and social meetings
will be unionized without delay.

The questions of the new church and
the disposal of the two present church
properties will be pushed as fast as pos-
sible. The idea is to have all the busi-
ness in a satisfactory shape by the time
the district conference meets next fall.
Then there will be one pastor appointed
who will have charge of the consumma-
tion of the union plan.

WANT STAMP TAX REPEALED ON DRUGS

Petition of Janesville Druggists Has
Been Presented in Both
Houses of Congress.

Petitions signed by all the Janesville
druggists and several other people have
been sent to Senator Spooner and Con-
gressman Cooper asking for the repeal
of the stamp tax on proprietary medi-
cines, etc., the burden of which is
borne by the druggists. Replies have
been received from each saying that the
petitions would be promptly presented
in each house.

An Easy Way to Keep Warm.

A physician calls attention to this
fact—that deep and forced respirations
through the nose, being careful to hold
the air as long as possible before ex-
pelling it, will keep the entire body
in a glow in the coldest weather. He
was himself half frozen one night, and
began taking deep draughts and keep-
ing the air in his lungs as long as pos-
sible. The result was that he was
thoroughly comfortable in a few min-
utes. The deep respirations, he says,
stimulate the bio-electric currents by direct
muscular exertions, and cause the en-
tire system to become pervaded with
the rapidly generated heat.

NEW GERMAN NAVY BILL.

Measure for More Ships Comes Up Before Reichstag Committee.

Berlin, March 29.—The budget committee of the reichstag Wednesday debated the navy bill, the discussion turning chiefly on the relations between Germany and Great Britain, which, it is supposed, was also the subject of confidential communications which Foreign Minister von Buelow made to the committee Tuesday. Herr Bebel, the social democratic leader, contended that the bill was chiefly aimed at Great Britain, and he argued against Germany trying to rival that country as a naval power. In this contention he was supported by Herr Richter, the radical leader, while Count Wernigrode, speaking for the conservatives, supported the measure without reserve. Premier von Buelow pointed to the American naval policy as the Kaiser's best precedent and justification, and insisted that there was no thought of antagonizing England. Herr von Buelow reaffirmed that the bill was merely aimed at the maintenance of the peace and dignity of the empire. German diplomacy, he said, was as prudent as was necessary. Prudence and dexterity, however, were inadequate unless supported by material power. This alone was able to extinguish frivolous and aggressive desires. The clericals prudently abstained from committing themselves.

Inspired by Hope of Reward.

Frankfort, Ky., March 29.—Intense rivalry has arisen among the lawyers, detectives and state officers at work on the so-called conspiracy cases. The \$100,000 reward fund has resulted in placing a small-sized army of man-hunters in the field. Judge Hazlerig, chief justice of the Court of Appeals, announces that the court will meet in Louisville Monday to consider the case of Taylor and Beckham, involving the governorship, which was appealed from the city court of Jefferson county.

President Answers Kentuckians.

Washington, March 29.—The president has informed Kentucky republicans that, while he cannot interfere in Kentucky affairs to the extent of disarming the militia of either faction, he would give direction that mail addressed to an official by title only, as to "The Governor" or "The Secretary State," should be delivered to the de facto and not to the claimed officeholders.

Democrats Repudiate Bynum.

Washington, March 29.—The senate on Wednesday in executive session spent more than an hour in a fruitless effort to confirm the nomination of William D. Bynum of Indiana, nominated early in the session to be a member of the board of general appraisers of New York. When an attempt was made to take a vote the democrats engaged in filibustering tactics, refused to answer to their names and broke a quorum. Senator Jones, chairman of the democratic national committee, made a long speech, taking the ground that he was not a democrat, as the law required. Bynum's appointment was defended by Senators Spooner and Fairbanks, who asserted that at any rate the nominee was not a republican.

Count de Benedetti Is Dead.

Paris, March 29.—Comte Vincent de Benedetti is dead. Benedetti, who was of Italian extraction, was born in Corsica in 1815, and was educated for the diplomatic service. He held various diplomatic posts up to 1864, when he was appointed French ambassador to the Prussian court and was the "agent provocateur" through whose machinations or maladroitness Louis Napoleon and Bismarck managed between them to precipitate the Franco-Prussian war of 1870.

Status to Rochambeau.

Paris, March 29.—The first stone of the statue of Rochambeau, a comrade of Lafayette in the revolutionary war, was laid Wednesday with impressive ceremonies. French and American flags decorated the scaffolding, and telegrams of sympathy were sent by President McKinley and by Ambassador Porter. Speeches recalling the common part France and America played in the revolution evoked much enthusiasm.

Fire on a Ship at Sea.

Halifax, March 29.—The steamer Manchester Commerce had a narrow escape from being burned at sea. The fire started on Saturday among a lot of cotton wool stowed away with the other cargo. It was a hard fight all night, but in the morning the blaze was sufficiently checked to allow the sailors to go below and jettison the damaged freight.

Death Came During Prayer.

St. Louis, Mo., March 29.—George Epstein, a recluse, aged 48, was found dead Wednesday morning kneeling at his bedside. He had passed away while engaged at his devotions, evidently some days ago. Rats had attacked the remains and torn the flesh in several places. The body was taken to the morgue.

Want "David Harum" Royalties.

New York, March 29.—A. K. Muzzey of Syracuse, representing the children of the late Edward Noyes Wolcott, author of "David Harum," demanded an accounting for royalties of the reorganization committee of the publishing firm of D. Appleton & Co., which recently failed.

Colorado Treasury Empty.

Denver, Colo., March 29.—Appropriations exceeding the revenue by \$500,000 were made by the fusion legislature of last year. The state treasury is now bankrupt, and state institutions are penniless.

A Believer in Athletics.

President Low, of Columbia College, is a believer in college athletics. A recent interview quotes him as saying: "The body, of course, should not be cultivated to an extent to injure the cultivation of the mind, but a healthy mind is impossible without a healthy body, for a college student who goes in for athletics moderately is generally all the better for it in an intellectual way."

Bank Robbers Get \$2,000.

Sioux City, Iowa, March 29.—The private bank of O. P. Ulland, at Hamiltontown, Iowa, was robbed of \$2,000 in currency early Wednesday morning. The safe was blown open with dynamite. The loss will be made good by a bankers' insurance company. The robbers took a hand-car from the Northwestern section-house and went toward Mason City.

Sugar Cut Five Points.

New York, March 29.—Sugar-trade circles were dumfounded Wednesday morning by the announcement that the Arbuckle brothers had made a further reduction in the price of all grades of refined sugar of five points. This action was taken in the face of a rising market for raw sugars, which made the transaction all the more incomprehensible.

Venezuela's Revolution Grows.

Port of Spain, Trinidad, March 29.—It is reported that the Hernandez revolutionary movement in Venezuela is increasing. The Venezuelan gunboats Miranda and Jamaica, with troops, have arrived here from Guanta. They are on their way to Bolivar.

Connaught Arrives in Ireland.

Cork, March 29.—The duke of Connaught, commander-in-chief of the forces in Ireland, arrived in Cork for military inspection Wednesday. His highness was received by the nationalist mayor and high sheriff and was accorded a warm popular reception.

ELECTION NOTICE.

Office of County Clerk, }
March 26th, 1900, }

To the Electors of Rock County:

Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the County of Rock, on the 3rd day of April, 1900, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose names have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column, and the questions submitted to vote are stated below:

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter, upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk, which must have indorsed thereon the name or initials of both ballot clerks, and no other can be used. Upon receiving his ballot the voter must retire alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner, whom to vote for. The voter must make a cross-mark, X, under the name of each person he desires to vote for. If he wishes to vote for a person for a certain office whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot can have assistance of one or two election officers in marking the same to be chosen by the voter; and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability. The party designations and candidates for the different offices are as follows:

MADE BLIND BY OPERATION.

One Eye Injured—Sound Eye Cut Out.

VICTIM OF DOCTOR'S ERROR.

Miss Anna Dudley of Marion, Ind., Visits Chicago to Have a Sightless Eye Treated and the Oculist Operates on Wrong One.

Chicago, March 29.—Because of an oculist's error Anna Dudley of Marion, Ind., a pretty girl less than 20 years old, will be blind for life. The sight of one eye was ruined by her brother a three months ago, and recently a physician attempted to remove the eye, but by mistake operated on the wrong one and left his patient totally blind. The physician who made the error is now practicing in this city, having removed from Marion as soon as he discovered what he had done. Members of the oculists' society refuse to give his name.

Last Christmas Miss Dudley was shot in the eye by an arrow from an air gun in the hands of a young brother. The attending physician said he feared the sight had been destroyed. Miss Dudley was brought to Chicago and an operation decided upon. The Marion physician performed it in an oculist's office in the Masonic Temple. When Miss Dudley recovered she was asked if she could see out of the injured eye. "I am wholly blind," she answered. "I cannot see from either eye; all is black to me."

Examination showed that the wrong eye had been treated. The physician who performed the operation said he had made a mistake for which he could offer no excuse. Miss Dudley was not told of her misfortune and did not know when she left for Indianapolis a few days ago that she would be blind for life.

Divorced in Twenty Minutes.

Colorado Springs, Colo., March 29.—The El Paso County court Wednesday established a new record for Colorado in the time limit involved in securing a divorce. Susie Goff was granted an absolute divorce from her husband, George Goff, in just twenty minutes from the calling of the case. The defendant pleaded guilty to inebriety, non-support and cruelty, the grounds upon which the divorce was asked. The jury considered it a clear case and returned their verdict with a promptness that surprised even the court. The parties were married in Dupont, Ill., in 1893.

Expels Dr. Franklin J. Tower.

Milwaukee, Wis., March 29.—There is considerable stir in local medical circles over the expulsion of Dr. Franklin J. Tower by the Milwaukee Medical society. The expulsion took place at a recent meeting of the society by a three-fourths vote of those present. The doctor committed the ethical crime of sending to physicians a book containing a recommendation of goat serum for various ills. This was deemed unprofessional, and the expulsion followed.

Marry at the Age of 72.

Chicago, March 29.—Two septuagenarians—Arthur Reynold and Mrs. Cordelia Whitney—were married on Wednesday. Both are 72 years old, according to the statement given for the issuance of the license. The groom appears to be more than ten years younger than he really is. Only one other man as old has obtained a marriage license in the city for several years, the aged father of John Alexander Dowle, the proprietor of Zion.

Electricity and Groceries Traded.

Phoenix, Ariz., March 29.—Articles of incorporation of the Electric Engine and Power company of New York were filed under the laws of Arizona Wednesday. It has a capital of \$60,000,000. A second incorporation is that of the Advanced Grocers company of New York, the object of which is the construction of beet-sugar plants, to do a general commercial business, and to deal in stocks. The capital stock is \$50,000,000.

Cleveland Carpenters May Quit.

Cleveland, O., March 29.—Next Monday may see the beginning of another big strike in Cleveland. Three thousand carpenters are asking for higher wages and the contractors thus far have shown little inclination to grant their demands. No further action is necessary on the part of the carpenters, as they decided a month ago to strike April 2 if their demands were not granted.

Alarm for Ex-Senator Sawyer.

Oshkosh, Wis., March 29.—Former United States Senator Philetus Sawyer is ill and his condition is the source of alarm. He is suffering from a complication of troubles. The former senator, who is 84 years old, three months ago underwent an operation, from which it was thought he had recovered.

Postoffice at Ponce Robbed.

Ponce, Porto Rico, March 29.—The Ponce postoffice was burglarized on Wednesday night. The postoffice supplies were not disturbed, however. The loss is unknown. Burglaries and thieving have been of frequent occurrence recently, but the municipal police are listless and indifferent.

LIQUOR AND TOBACCO HABIT
...CURED...

"Habit is a cable, we weave a thread of it each day and at last we cannot break it."—HORACE MAN.

What is more disgusting and filthy than the habits of drink and the use of tobacco? Mother Nature did not intend that we should fill our system with these poisons and in time they will run down the strongest constitution.

Magnetic Treatment

as given by Prof. Dennis will overcome and cure you of these habits. Here is a strong testimonial:

"Prof. Dennis: I do not touch liquor any more after using it for asthma for ten (10) years, and I never think about taking a chew of tobacco any more. Before taking your treatments, I could not get along without it. But now I am glad to say I use no tobacco or liquor in any form and I can thank Prof. Dennis for it.

You may use my statement anywhere or at any time.

Respectfully,

EDWIN B. HAYFORD."

SPRING STYLES

Have all arrived. We can show the most complete line of this year's make than any house in Janesville. In new leathers we have various kinds, such as Veleour, Ideal Kid, Tan Veleour, and many others. Now is the time to pick out your Spring Shoes. All lines are complete, every possible size. We are making some splendid close prices to induce early buyers.

Tans at \$2 to \$5. Blacks at \$1 to 4. Patent Leathers, \$3.50 to \$5.00.

At \$3.00 we are selling a genuine welt, new handsome design, in light and dark shade tan, worth \$4.00; selling everywhere at \$3.50. Our price, \$3.00.

At \$3.50 we give you a full line of Willow calf, Russia calf and the new automobile red—made to retail at \$1, but here \$3.50.

At \$2.50 we are selling a choice selection of Tan and Black Vici, in the newest round toes, in several patterns, new nobby, and good wearers at \$2.50.

At \$2.00 we are particularly strong. We defy the city to compare our \$2.00 line; other stores might call them cheap at \$2.50; we are making them move at \$2.00.

We want your shoe business; we want it bad; that's the reason we make those prices.
